DOINGS IN COURT

GRAY WAS SENTENCED TO TWO YEARS IN THE PEN.

AN APPEAL FOR PAROLE

But Court Still Refused to Grant One —Other Cases That Were Up Wednesday.

Herbert Gray, the 21-year-old boy, was sentenced to two years in the state penitentiary at Jefferson City this morning by Judge Ellison, after an appeal had been made on the court by the young man's attorney, Mr. Hughes of Bethany, and by the young man, himself, who told the court that he would like to be given another chance and that if he didn't make good, then all that remained was to serve his sentence. The court refused to grant the parole and ordered the sheriff to take the boy to the penitentiary at Jefferson City.

Gray pleaded guilty to forging a check at Burlington Junction for $7, and the lightest sentence the court could give him was two years.

The young man will be taken to the penitentiary by Sheriff Tilson, after this term of court. Gray comes of a highly respectable family of Ridgeway, Mo.

In the case of Douglass & Hilsabeck vs. Thomas and Elizabeth Davis, on an account, a jury was waived and the evidence heard, and the court finds for the plaintiffs for $165.50.

The case of the Nodaway Valley bank vs. Z. W. Harris, attachment on notes, was dismissed by the plaintiff.

The perfect title suit of Eugene V. Humphreys, vs. the unknown heirs of Martin Hayden, deceased, was submitted to court and a decree given to the plaintiff as prayed for.

The perfect title suit of Eugene V. Humphreys vs. the unknown heirs of Nancy P. Walker, was submitted to the court and a decree given for the plaintiff.

A decree was given by the court to the plaintiff in the perfect title suit of Chester J. Rees vs. Olive Wallace et al.

The partition suit of Joban Harman et al. vs. Malinda E. Coslee, was being heard by the court Wednesday afternoon. Crawford & Sayler are attorneys for the plaintiffs, and Cook, Cummins & Dawson for the defendant. After this case the court will take up the partition suit of Samuel Landfather vs. Thomas M. Landfather.

CONVEYANCE OF COUNTY PUPILS.

New School Law Authorizes Free Transportation.

A new section has been added to the Missouri school laws, which would, if carried out, provide for free transportation of certain rural pupils to and from school. The section stipulates that whenever a school board may deem it advisable, or be requested by a petition of ten taxpayers of the district, they should provide for the conveyance to and from school, at the expense of the district, those pupils who live a half mile or more from the school house: Provided, that when a special meeting is called for the purpose of submitting the proposition, two-thirds of the voters, who are taxpayers, should vote in favor of such transportation. If the proposition carries, the board of education shall make all needful rules and regulations.

There is also a provision in the revised laws which would authorize the state to aid the weak school districts. The section aims to equalize public school opportunities, and to promote education in districts too weak to provide the needed schooling. The compulsory attendance laws are made more effective by a provision which stipulates that the superintendent of the schools shall be furnished with the names of the parents or guardians of children not complying with the compulsory law, and he shall file the names with the prosecuting attorney, who shall proceed against them.

Attention is also called to the child labor law, which states that no child under the age of 14 years shall be employed, permitted, or suffered to work at any gainful occupation within this state, except at agricultural pursuits and in domestic service.

BLOODHOUND DIED.

One That Was Used in Trailing Hez Rasco Was Poisoned.

One of the bloodhounds used in trailing Hez Rasco, convicted last February for the murder of the Hubbell family, and who is now in the Buchanan county jail in St. Joseph awaiting the decision of the supreme court, who will take up his case in January, an appeal having been taken, died this week at Richmond, Mo. A news dispatch from that place says:

Two bloodhounds, bought in Nebraska a few days ago for $500, were poisoned last night. A syndicate purchased the hounds and they were left in charge of Ed Boen, a dog fancier. Yesterday someone was heard prowling around Boen's house, and one of the dogs was found dead and the other died shortly afterward.

One of the hounds was used in trailing Hez Rasco, convicted at Maryville for the murder of the four members of the Hubbell family. There have been several cases of barn burning in Ray county, and the hounds were brought to trail the incendiaries.

MRS. J. F. ROBB DEAD

STRICKEN WITH APOPLEXY AT HOME OF MRS. W. R. LOWRY.

HER DEATH VERY SUDDEN

Was Prominent in Social Circles in Hopkins—Funeral Arrangements Not Made as Yet.

Mrs. J. F. Robb, the wife of J. F. Robb, a prominent business man of Hopkins, died Tuesday afternoon between 4 and 5 o'clock while making a call at the home of Prof. W. R. Lowrey. Mrs. Robb has been in failing health for some time, being troubled with paralysis of the nervous system, but few of her friends realized her serious condition, and her sudden death was a severe shock to the community. For the past two weeks her health had seemed much improved, and she had been visiting with her friends and enjoying herself more than usual. On the day of her death she was feeling extremely well and cheerful, and asked Mr. Robb to take her over to see Mrs. Lowrey, saying she could walk part of the way. Arriving at Prof. Lowrey's home she seemed very well, but suddenly told Mrs. Lowrey she was afraid she was going to have a bad spell, and by the time Mr. Robb and the physicians arrived Mrs. Robb was unconscious, and passed away about 5 o'clock without recognizing any one.

Mrs. Robb, whose maiden name was Jennie Stahl, was born in Galena, Ill., in February, 1862. She grew to young womanhood in Illinois, and was married in Chicago to J. F. Robb, August 20, 1883. Immediately after her marriage she came with her husband to Missouri and located on a farm nine miles west of Hopkins, where they lived until the fall of 1897, when they moved to Hopkins, where they have since resided. Besides her husband Mrs. Robb leaves three children, Mrs. O. A. Edmonds and Miss Pauline, who are at home, and Edwin F. Robb, who is a freshman at the state university at Columbia. One child died when very small. Mrs. Robb was an ideal wife and mother, a great lover of home and always careful to perform home duties. In addition to these, no one ever did more outside work, always in the lead when church work was to be done, and as long as her health allowed, and even when she was physically unable to do the work, she was always found in her place. The beautiful west window in the Presbyterian church is a monument to her untiring industry and energy. Mrs. Robb was reared in the Episcopalian faith, but in later years joined the Presbyterian church, with which church she was identified at the time of her death. She was a member of the Ladies' Aid society and the Missionary society of the church. She was also a loyal member of both the Salad and Art clubs. In the death of Mrs. Robb not only her family and her church but the entire community feel they have sustained a loss that can never be replaced. Loyal to her friends, always planning for their pleasure, caring for the sick and doing little deeds of kindness and charity in her thoughtful, quiet way. A kind and dutiful wife, a loving Christian mother, a devoted friend and a beloved sister gone to her just reward. "God be with you till we meet again."

No funeral arrangements can be made until friends are heard from, but burial will probably be Thursday or Friday at Hopkins cemetery.

FISHER WON CASE.

Jury Gave Verdict for Defendant in the Henry-Fisher Damage Case.

The Henry-Fisher damage case tried at Savannah Tuesday, in the Andrew county circuit court on a change of venue from Nodaway county, resulted in the jury giving a verdict in favor of the defendant, Samuel Fisher. Henry was suing Fisher for $5,000 damages, alleging that a dog of Fisher attacked him and bit him, badly injuring his health.

A large number of people from Maryville were in attendance at court in Savannah Tuesday. E. G. Cook was one of the attorneys for Henry, and Shinabargar, Blagg & Ellison for the defendant.

Miss Grace Fanning returned to her home in Barnard Tuesday evening, after a visit with her brother, Frank Fanning, and her sister, Mrs. Bert McDermott.

WHAT IT STANDS FOR

AIMS AND PURPOSES OF MOTHERS' CIRCLE DISCUSSED.

AN INTERESTING PROGRAM

Session Thursday Afternoon at High School Will Discuss Topics Relating to School Work.

The Mothers' Circle will meet at the high school Thursday afternoon at 3 o'clock, and the following program will be given:

Devotional.

Paper, "Children's Companions," Mrs. S. E. Farmer.

Round table, where a number of subjects will be discussed, such as "The Aims and Purposes of the Mothers' Circle;" "Practical Methods of Co-Operating Between Home and School," discussed from a teachers' standpoint and from a parent's standpoint; "Why Do We Need an Equipped Play Ground, and How Can Funds Be Raised for Them?"

One member of the Maryville Mothers' Circle, in speaking of the Circle to a representative of this paper, said:

"Some of the aims and purposes of the Mothers' Circle is, first of all, to raise the standard of home life and to develop wiser, better trained parenthood. Second, to surround our children with that loving, wise care in the impressionable years of life that will develop good citizens, instead of lawbreakers and criminals. Third, to interest fathers and mothers in the work of purer, better homes. Fourth, to arouse the whole community to a sense of its duty and responsibility to the blameless, dependent and neglected children, because there is no philanthropy which will so speedily reduce our taxes, our prison expenses and the expense of institutions of correction and reform. If the child is to be seen as a whole he must be viewed from two standpoints, that of the teacher and that of the parent.

"Parents and teachers working together to improve the surroundings of the children, will often find themselves drawn into that closer understanding and sympathy which is so necessary for the welfare of the child.

"We want to bring into closer relation the home and the school, that parent and teacher may co-operate intelligently in the education of the child.

"Our meetings are held not to give opportunity for criticism, but to learn ways of helping form the best means of accomplishing the many things which need the combined efforts of the home and school. That teacher can teach the best who knows the most about the child, and many things the parent alone can tell, the good teacher can also give parents a new light on the disposition, merits and failings of the children because she looks on them with impartial eyes.

"We want the mothers of Maryville to feel that these meetings are theirs. It is civic work in its highest and broadest sense, and every woman who is interested in the aim of the Circle is cordially invited to become a member and aid in the organized effort for a higher and nobler national life, which can only be obtained through the individual homes.

"The emergency room in the high school building is finished and will be opened for your inspection. We invite you to come and see it."

ARRESTED AT DEPOT.

Three Bedford Men Were Drunk and Raising Considerable Noise at Burlington Junction.

John Edwards, Jesse T. Mitchell and Frank Sullivan, who claim their home is at Bedford, were arrested at the Burlington station Tuesday afternoon for being drunk. They were on their way to St. Joseph. They were brought up before Police Judge Johnson this morning and fined $2 and costs apiece, and being unable to pay it were committed to the jail and will work out their fine on the streets under the direction of Street Commissioner E. E. Tilton.

Mrs. Sayler Still Quite Ill.

Mrs. J. H. Sayler who was stricken with paralysis Monday evening on arising from the supper table, is still quite ill, though much improved to what she was when first taken. Her entire left side was affected and she was unable to speak for some time. Miss Jessie M. Cole and Mr. Wm. O. Bowers were married Wednesday noon at the home of the bride's parents, Mr. and Mrs. Elisha Cole, six miles south of Maryville, by Rev. W. J. Parvin, pastor of the M. E. church, South, of Maryville. A splendid dinner was served. The couple will leave for a trip to the Pacific and will be at home at Conway, Ia., where Mr. Bowers is in business.

Maryville friends have received announcement of the marriage of Mr. Ola J. Rogers of Cleveland, Okla., and Miss Effie Freeman, daughter of Mr. and Mrs. John L. Freeman of Hominy, Okla., at the home of the bride's parents, Sunday, November 12th. Mr. and Mrs. Rogers will be at home at Cleveland, Okla., after November 20th. Mr. Rogers is the son of Mrs. I. V. LaTourette, formerly of this city, and who be well remembered by friends in this city, although the LaTourette family left here a good many years ago.

M. I. Circle Meeting.

"What invention has been the greatest boon to mankind" was the principle theme for discussion at the meeting of the M. I. Circle Tuesday afternoon, which met with Mrs. J. W. Ray. Mrs. W. B. Christy led the discussion in favor of the steam engine, and Mrs. F. M. Martin for the printing press, and these two great things seemed the most important, although the sewing machine and other great inventions received attention in the short time allotted for discussion. The cause of the steam engine was nearly unanimously advocated, however, but "it doth appear that all things are working together for good." Mrs. J. E. Melvin gave an excellent paper on Edison and his work. The roll call was responded to by the names of noted inventors. The devotional service was led by Mrs. J. E. Douglas.

The Shakespeareans Met.

As prearranged, the Shakespeare department of the Twentieth Century club met with Mrs. E. G. Orear. Every member in town, with one exception, was present. Mrs. D. J. Thomas, president, conducted the business. Mrs. M. G. Tate, in the absence of Mrs. W. C. Pierce, who is spending the winter in California, acted as leader, giving a very interesting synopsis of Act III, Macbeth. All present heartily endorsed the quotation for the day: "Things without remedy should be without regard. What's done is done." Mrs. J. F. Montgomery gave a very lucid explanation of the questions, "Why did Macbeth desire Banquo's death, and how does he draw fact from Banquo without arousing his suspicion?" Mrs. Anderson Craig quoted Hudson in answer to the query, "What does Shakespeare put so much beautiful poetry into the mouth of such a character as Macbeth," as she, not being personally acquainted with the writer found it hard to decide. Mrs. Bruce Montgomery contrasted the idea of ghosts in Shakespeare's time with that of the present. Mrs. C. C. Corwin told of the fatal step taken by Macbeth and the reason why? Mrs. G. B. Holmes felt that she was almost overwhelmed

FOR NEW MEMBERS

COMMERCIAL CLUB WILL MAKE EFFORT TO ENLARGE ITS ROSTER

BANDS WERE ENDORSED

If Effort to Raise Funds is Successful Weekly Concerts Will Be Given During the Summer.

An interesting session of the Commercial club was held Tuesday evening in their club rooms and plans were discussed to increase the membership of the club.

Special efforts are to be made to see if more members can be secured for the club, and it is thought that probably a reduction will be made in the initiation fee and also dues. If the reduction in the dues and membership fee are made, many members are of the opinion that a good many could be induced to join the club that otherwise would not under the present dues.

A map of the Saints Highway from St. Joseph to Des Moines, is to be prepared and photographs made, and the club decided that they would stand half of the expense, not exceeding $10, if the Automobile club would stand the other half.

The club decided that hereafter all banquets and dinners shall be served in the club rooms, and that tables be made so they can be used all the time for this purpose. The club intends to give a monthly dinner on their regular meeting nights.

A proposition from Miss Alma Nash, director of the Ladies' Military band, was made to the club. A resolution was adopted by the club endorsing the ladies' band, and also pledging hearty support to the enterprise in any way that seems feasible.

Another band proposition was made to the club by the members of the Maryville band. No action was taken on the matter other than endorsing the proposition. The Maryville band has reorganized and has secured Donald Cady of St. Joseph as their director, agreeing to give him $900 a year for his work.

A subscription paper is to be taken around to the merchants and an effort made to raise $900, and those that subscribe can either pay monthly or in full. In return for the money received from the merchants, the band agrees to furnish concerts weekly during the summer months free of charge on any day the club may decide on.

GRAY HAIR MAKES YOU LOOK OLD

Use Wyeth's Sage and Sulphur and Your Gray Hair Will Quickly Vanish.

Gray hair is a mark of age, and nothing that can be said as to its beauty will offset the disadvantages of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time-honored remedies, but Wyeth, a modern chemist, has combined the two with other ingredients, which makes a delightful dressing for the hair, and which not only removes every trace of dandruff but promotes the growth of the hair. It also stops the hair from falling out, and makes it beautiful.

All druggists are authorized to refund the money if it fails to do exactly as represented.

Don't neglect your hair and don't resort to old-time hair dyes. Get a bottle of Wyeth's Sage and Sulphur from your druggist today, and notice the difference in your hair after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

at the magnitude of her task, but masterfully conquered and told us where Macbeth seemed to lose his free will, reviewed the contrasted characters under temptation and the deed itself, the concealment, facing the nemesis. Miss Adella Grems answered the questions quite satisfactorily, "What wrongs does Macbeth avenge?" while Miss Emma Lee Taylor gave the causes that made the ghost re-enter. Mrs. Ferdinand Townsend gave good authorities, as well as her own opinion, on "Why should the ghost of Hamlet appear on the state and not the ghost of Banquo?" Mrs. M. G. Tate, the leader, then asked fine miscellaneous questions on the lesson, Mrs. O. C. Hanna conducted a good word drill and Mrs. D. J. Thomas the current events, both of which were highly instructive, and after a few minutes of social intercourse the club adjourned.

Sigma Delta Chi's Made Merry.

The Sigma Delta Chi sorority held a social meeting at the home of Miss Nelle Hudson Tuesday evening. This sorority has been confining itself to business meetings for some time, and the hilarious good times of days gone by were fast getting to be traditional, so it shook itself a few days ago and concluded to throw dull care away and go in for a good time. A lively evening was spent playing dominoes, Miss Emma Kildow and Miss Inez Bainum winning the prizes, framed pictures. A two-course luncheon was served after the games and piano numbers were given by the musicians present. The company included Misses Mary Ogden, Inez Bainum, Emma Kildow, Stella Mason, Lola May Jones, Lottie Perrin, Golda Airy, Lois Halley, Besse Todd, Nelle Hudson, Grace Langan and the Misses Fickland.

She will go on to Maitland to meet Mrs. Will Charles, also of Loveland, and be the guest of Mrs. Peter Bohart. Mrs. Charles and Mrs. Jones were dinner guests on Sunday of Mr. and Mrs. C. C. Corwin of this city.

Party Was Successful.

The card party and social given Tuesday night for the benefit of the Knights of Columbus was highly successful, one hundred guests attending. The prizes were won by Miss Teresa Yehle and Mr. Joseph Kern.

Too Busy to Write Ads.

When a representative of The Democrat-Forum dropped into H. T. Crane's big store Wednesday morning the merchant and all his clerks were busily engaged in opening boxes and closing up vacant spots making room for more. "We are very busy today," said Mr. Crane, "too busy to think of advertising today, though we may have something later on. The fact is we are getting in the biggest line of holiday goods we have had in many a day, and we are having all we can do to find room for the new stuff. What have we got? Oh, everything, and we promise our patrons a genuine surprise. We have drawn on our faith in this fall's business, and our many years of experience in selecting a stock that we believe will fit every case and please every taste. But, here Hagins, you and Olney, move up these things here and see if we can't make room for that box that drayman has just dumped off. Let's hurry up or we will be caught here after dark. Come in again." The reporter, feeling that his room was needed for the extra boxes, took the hint and left, and moved over to the county treasurer's office, where he opened up an argument with Tom Hughes and Frank Owens on Taft's chances to be re-elected.

MANY FAILURES.

But Parisian Sage Overcame Miss Kruger's Hair Troubles.

Parisian Sage is not guaranteed to grow hair on bald heads, but it is guaranteed by the well known druggists, the Koch Pharmacy, to stop falling hair, eradicate dandruff and stop itching scalp, or money back. Sold in every town in America by leading druggists for 50 cents a bottle. Read Miss Kruger's letter.

"Parisian Sage is the best hair grower and beautifier and dandruff cure. I lost all my hair through typhoid fever; I was almost baldheaded and my scalp was as sore as could be. I tried everything, but in vain. Finally I tried Parisian Sage, and after using one bottle my hair started to grow, and has grown three or four inches inside of two months. I advise every woman who wants beautiful hair to use Parisian Sage." Miss Meta M. Kruger, Browntown, Minn.

Los Angeles, Cal., Nov. 15.—Women of Los Angeles are receiving instructions on how to vote, thus preparing themselves for the city election, December, 5.

For purposes of instruction officers of the Women's Progressive league have had two double regulation voting booths installed in their headquarters and engaged a deputy city clerk to give them private tutelage on how to cast ballots. Three classes in voting will be held each day, the object being to teach women not only how to act at the booths, but also how to vote quickly.

VAN BRUNT TO CRIMINAL COURT

St. Joseph Street Car Manager to Be Arraigned November 27—Other Arrests Likely.

St. Joseph, Mo., Nov. 15.—John H Van Brunt, general manager of the St. Joseph street railway company, arrested on a charge of issuing a street car pass to Dr. Charles F. Byrd, county coroner, will be arraigned in the criminal court November 27.

Van Brunt says Dr. Byrd was in the employ of the street railway company as assistant surgeon a number of years before he was elected county coroner and that transportation was a part of his compensation.

The complaint was the result of evidence given in the trial of a damage suit against the street railway company last week in which Dr. Byrd testified.

Prosecuting Attorney Ferrell is said to have the names of several office holders, city and county, who use street car passes.

Against Sidewalks in Zion.

Zion City, Ill., Nov. 15.—Rupert Devereux, a member of the old Dowie faction in Zion affairs, filed a petition with the Zion City board of aldermen objecting to the proposed construction of cement sidewalks here, on the ground that Christ never walked on cement and therefore "would avoid Zion City on the Saviour's approaching second coming to earth."

HADLEY WELCOMES THE DELEGATES

Says Every Question Before Commercial Congress Concerns Missouri.

HISTORY OF THE ORGANIZATION

Ex-Senator Aldrich Explains Currency Reform Bill of Which He is Author—Senator Stone Hints at Opposition.

Kansas City, Nov. 15.—The Trans-Mississippi Commercial congress opened at Convention hall with an invocation by the Rev. George H. Combs. He was followed by Col. Fred W. Fleming, who outlined the history and work of the organization. Col. Fleming said in part:

"The first Trans-Mississippi congress was called by the governor of Kansas under authority of a joint resolution of the legislature of that state and met in this city in April 1890.

"In the fall of that year a meeting was held in Topeka in the interest of a deep water harbor of the Gulf of Mexico and later meetings in the interest of that project were held in Omaha and Galveston. In May, 1891, these bodies joined with the Commercial congress at a general meeting held in Denver and annual session have been held ever since."

The delegates to the congress, many of whom have come from distant parts of the country, and who are in high honor among their people, were welcomed to Missouri by Gov. Herbert S. Hadley. In part, Gov. Hadley said:

"The association between the people of Missouri and the states of the Trans-Mississippi country has been a continuing one.

"There is scarcely a question of interest and importance that concerns the people of any state here represented that does not also concern the people of Missouri.

"It is this trade with the Trans-Mississippi country that has given to Missouri two of the six greatest commercial and financial centers of the entire country and the greatest city between the Mississippi and the Pacific."

Every phase of the Aldrich currency reform bill was presented in the afternoon to the delegates of the Trans-Mississippi congress by three of the most prominent financial experts in the country and by Nelson W. Aldrich, former United States senator from Rhode Island, and now chairman of the monetary commission and author of the currency reform bill.

The first note of opposition to the curency reform plan suggested and advocated by former Senator Aldrich was sounded by United States Senator William J. Stone, who was presented to the congress by Colonel Fleming. Senator Stone's address was not in reference to the proposed monetary system, but was referred to near the end of his speech when he said:

"Historically and generally speaking, I never have found it agreeable to favor a great centralization of money power."

STRAPPED TO A CURVED BOARD

Illinois Boy Must Now Wear Plaster Cast to Cure Tuberculosis of Spine.

Chicago, Nov. 15.—Ole Manayla, 5 years old, who for nearly a year has been strapped to a curved board in the hope that he might be cured of tuberculosis of the spine, was released from his bonds at Waukegan for an hour and a half.

After his brief period of liberty the child was incased in a plaster cast, but instead of lying on his back indefinitely he will be permitted to move about much as other children do.

Physicians express the opinion that the boy will recover.

Sweaters for Soldiers.

Washington, Nov. 15.—Coats no longer will form part of the uniform of United States troops in the field. The war department has decided that a light sweater will be just as comfortable and a more practical garment than the present service coat. Not only will the sweater be worn when the men are up and about, but it will also be used to supplement the blanket as a sleeping garment.

Gave Jewels to a Girl.

Chickasha, Ok., Nov. 15.—Henry Morris, formerly an express messenger between this city and Lindsay, Ok., was arrested for the theft of a package of diamonds a year ago at Lindsay, valued at $980. The present of one of the alleged stolen diamonds to a girl friend in this city led to his arrest.

Three Wichita Boys Drowned.

Wichita, Kan., Nov. 15.—Guy Brewer, 13; Don Brewer, 14, and Wilson Dorr, 14 years old, were drowned in the Little Arkansas river in the north part of Wichita when the steel boat in which they were rowing sank unexpectedly in a deep hole. Leigh Rammond, 13 years old, who was also in the boat, swam ashore safely.

FEDERAL SUPREME COURT TO HURRY

Chief Justice White Trying to Catch Up With Docket.

REDUCES TIME FOR ARGUMENTS

Appeal to Highest Tribunal in Land May Cease to Act as Respite for Adverse Judgement Hereafter.

Washington, Nov. 15.—The staid old supreme court of the United States has the members of the bar on the run. It all results from a reform that is "reforming."

Instead of hearing arguments in only 75 cases before the Christmas holidays, as was done last year, the court promises to have presented to it before the Christmas recess this year twice that number. Indications now are that the court will dispose of half as many more cases this year as it did last.

Lawyers with cases to be heard are being caught unawares, and many are hustling forward briefs now that they expected to submit later in the winter.

The change in pace is generally credited to Chief Justice White. His most potent rule in this direction is regarded to be the one recently adopted reducing the time for oral arguments before the court. Instead of four hours for each case, as in the past, now only three hours is given to the most complicated cases, and those arising under the so-called criminal appeals act, those certified from the circuit court of appeals and those involving only the point of jurisdiction, a mere hour and a half is accorded to the hearing.

The hearing of more cases is expected to result in the court eventually catching up with its business so that cases will be heard comparatively soon after being docketed instead of waiting from two to three years. When that time is reached, it is believed, the number of cases taken to the court will be reduced materially because no longer would persons appealing gain a respite from adverse judgements for several years.

The result of the increased number of cases taken under consideration probably will be shorter opinions. It is predicted that memorandum opinions "by the court" rather than extended decisions by a member of the tribunal, will become more common as a result of changed conditions.

McDONALD'S MILLIONS GONE

Inheritance Tax Case Against Stallo Sisters Tomorrow May Develop Some Interesting Facts.

New York, Nov. 15.—Startling revelations in respect to the fortunes of the Misses Laura and Helena Stallo are expected tomorrow at the hearing before Deputy State Comptroller Harburger on the question of the inheritance tax to be paid on the estate which the young girls inherited from their grandfather, the late Alexander McDonald, Standard Oil magnate.

The Stallo sisters have been very much in the limelight ever since Miss Helena broke her engagement to young Nils Florman, son of a Danish nobleman, whose mother became a masseuse because of adverse fortunes of the family.

It is said that subpoenas have been issued for Gen. Brayton Ives, president of the Metropolitan Trust company, and Beverly Chew, vice-president, and that they will testify tomorrow. According to the accounting filed by the administrator of the estate, the $50,000,000 which, it was reported at the time of his death, Mr. McDonald had left, has virtually vanished and the "heiresses" are confronted with a deficit of about $80,000.

The virtual disappearance of the McDonald millions is due to the vast number of claims that were unheard of at the time of Mr. McDonald's death, but which since have poured in from all quarters. The Metropolitan Trust company is the present administrator, having been appointed by the surrogate on the petition of Mr. Stallo, whose first wife was Mr. McDonald's only daughter. Mr. Stallo is now married to the divorsed wife of Dan Hanna, son of the late Mark Hanna.

The proof of the great majority of the unexpected claims was of such a character that the administrator was compelled to admit them, but that of about $500,000 worth was disallowed. The courts will be asked to rule upon these and if they are admitted the deficit will be much larger than $80,000.

Killed Chasing Car Thieves.

Cleveland, O., Nov. 15.—His pursuit of three car breakers cost the life of Thomas Madden, a detective for the Baltimore & Ohio railroad company, who lived in Kansas City. Madden was run down by a fast freight train near the foot of Commercial Road. His head and both legs were severed.

To Enforce Mine Bath Law.

Pittsburg, Kan., Nov. 15.—T. J. Karr, county attorney, has started two prosecutions for violations of the law passed by the last legislature, requiring the coal operators to build and equip bath houses at all mines.

FREE IF IT FAILS.

Your Money Back if You Are Not Satisfied With the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxative or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. CURED TO STAY CURED.

How a Maryville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—
From urinary disorders—
From any disease of the kidneys,
Be cured to stay cured.
Doan's Kidney Pills make lasting cures.

Maryville people testify.
Here's one case of it:

I. M. Woods, East Jenkins street, Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unnaural and so irregular in passage as to annoy me greatly. I also had a pain in my back and could hardly stoop. Dizzy spells and headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began their use, and after I had taken the contents of three boxes I was free from kidney trouble."—(Statement given in 1901.)

Time is the Test.

On September 19, 1908, Mr. Wood added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."

Wealth in Kansas Clays.

Lawrence, Nov. 15.—Three million dollars worth of brick and tile are turned out every year by the Kansas clay industries. This amount could be increased many times if the commercial value of the clays in the state were known. To test those clays and report upon their usefulness will be the work of the clay loboratory just being completed at the state university. The department of ceramics will also report upon the value of the clays for making pottery. The classes in clay modeling have turned out many beautiful and durable articles made from the Kansas clays.

DOINGS IN COURT

GRAY WAS SENTENCED TO TWO YEARS IN THE PEN.

AN APPEAL FOR PAROLE

But Court Still Refused to Grant One —Other Cases That Were Up Wednesday.

Herbert Gray, the 21-year-old boy, was sentenced to two years in the state penitentiary at Jefferson City this morning by Judge Ellison, after an appeal had been made on the court by the young man's attorney, Mr. Hughes of Bethany, and by the young man, himself, who told the court that he would like to be given another chance and that if he didn't make good, then all that remained was to serve his sentence. The court refused to grant the parole and ordered the sheriff to take the boy to the penitentiary at Jefferson City.

Gray pleaded guilty to forging a check at Burlington Junction for $7, and the lightest sentence the court could give him was two years.

The young man will be taken to the penitentiary by Sheriff Tilson, after this term of court. Gray comes of a highly respectable family of Ridgeway, Mo.

In the case of Douglass & Hilsabeck vs. Thomas and Elizabeth Davis, on an account, a jury was waived and the evidence heard, and the court finds for the plaintiffs for $165.50.

The case of the Nodaway Valley bank vs. Z. W. Harris, attachment on notes, was dismissed by the plaintiff.

The perfect title suit of Eugene V. Humphreys, vs. the unknown heirs of Martin Hayden, deceased, was submitted to court and a decree given to the plaintiff as prayed for.

The perfect title suit of Eugene V. Humphreys vs. the unknown heirs of Nancy P. Walker, was submitted to the court and a decree given for the plaintiff.

A decree was given by the court to the plaintiff in the perfect title suit of Chester J. Rees vs. Olive Wallace et al.

The partition suit of Joban Harman et al. vs. Malinda E. Coslee, was being heard by the court Wednesday afternoon. Crawford & Sayler are attorneys for the plaintiffs, and Cook, Cummins & Dawson for the defendant. After this case the court will take up the partition suit of Samuel Landfather vs. Thomas M. Landfather.

CONVEYANCE OF COUNTY PUPILS.

New School Law Authorizes Free Transportation.

A new section has been added to the Missouri school laws, which would, if carried out, provide for free transportation of certain rural pupils to and from school. The section stipulates that whenever a school board may deem it advisable, or be requested by a petition of ten taxpayers of the district, they should provide for the conveyance to and from school, at the expense of the district, those pupils who live a half mile or more from the school house: Provided, that when a special meeting is called for the purpose of submitting the proposition, two-thirds of the voters, who are taxpayers, should vote in favor of such transportation. If the proposition carries, the board of education shall make all needful rules and regulations.

There is also a provision in the revised laws which would authorize the state to aid the weak school districts. The section aims to equalize public school opportunities, and to promote education in districts too weak to provide the needed schooling. The compulsory attendance laws are made more effective by a provision which stipulates that the superintendent of the schools shall be furnished with the names of the parents or guardians of children not complying with the compulsory law, and he shall file the names with the prosecuting attorney, who shall proceed against them.

Attention is also called to the child labor law, which states that no child under the age of 14 years shall be employed, permitted, or suffered to work at any gainful occupation within this state, except at agricultural pursuits and in domestic service.

BLOODHOUND DIED.

One That Was Used in Trailing Hez Rasco Was Poisoned.

One of the bloodhounds used in trailing Hez Rasco, convicted last February for the murder of the Hubbell family, and who is now in the Buchanan county jail in St. Joseph awaiting the decision of the supreme court, who will take up his case in January, an appeal having been taken, died this week at Richmond, Mo. A news dispatch from that place says:

Two bloodhounds, bought in Nebraska a few days ago for $500, were poisoned last night. A syndicate purchased the hounds and they were left in charge of Ed Boen, a dog fancier. Yesterday someone was heard prowling around Boen's house, and one of the dogs was found dead and the other died shortly afterward.

One of the hounds was used in trailing Hez Rasco, convicted at Maryville for the murder of the four members of the Hubbell family. There have been several cases of barn burning in Ray county, and the hounds were brought to trail the incendiaries.

MRS. J. F. ROBB DEAD

STRICKEN WITH APOPLEXY AT HOME OF MRS. W. R. LOWRY.

HER DEATH VERY SUDDEN

Was Prominent in Social Circles in Hopkins—Funeral Arrangements Not Made as Yet.

Mrs. J. F. Robb, the wife of J. F. Robb, a prominent business man of Hopkins, died Tuesday afternoon between 4 and 5 o'clock while making a call at the home of Prof. W. R. Lowrey. Mrs. Robb has been in failing health for some time, being troubled with paralysis of the nervous system, but few of her friends realized her serious condition, and her sudden death was a severe shock to the community. For the past two weeks her health had seemed much improved, and she had been visiting with her friends and enjoying herself more than usual. On the day of her death she was feeling extremely well and cheerful, and asked Mr. Robb to take her over to see Mrs. Lowrey, saying she could walk part of the way. Arriving at Prof. Lowrey's home she seemed very well, but suddenly told Mrs. Lowrey she was afraid she was going to have a bad spell, and by the time Mr. Robb and the physicians arrived Mrs. Robb was unconscious, and passed away about 5 o'clock without recognizing any one.

Mrs. Robb, whose maiden name was Jennie Stahl, was born in Galena, Ill., in February, 1862. She grew to young womanhood in Illinois, and was married in Chicago to J. F. Robb, August 20, 1883. Immediately after her marriage she came with her husband to Missouri and located on a farm nine miles west of Hopkins, where they lived until the fall of 1897, when they moved to Hopkins, where they have since resided. Besides her husband, Mrs. Robb leaves three children, Mrs. O. A. Edmonds and Miss Pauline, who are at home, and Edwin F. Robb, who is a freshman at the state university at Columbia. One child died when very small. Mrs. Robb was an ideal wife and mother, a great lover of home and always careful to perform home duties. In addition to these, no one ever did more outside work, always in the lead when church work was to be done, and as long as her health allowed, and even when she was physically unable to do the work, she was always found in her place. The beautiful west window in the Presbyterian church is a monument to her untiring industry and energy. Mrs. Robb was reared in the Episcopalian faith, but in later years joined the Presbyterian church, with which church she was identified at the time of her death. She was a member of the Ladies' Aid society and the Missionary society of the church. She was also a loyal member of both the Salad and Art clubs. In the death of Mrs. Robb not only her family and her church but the entire community feel they have sustained a loss that can never be replaced. Loyal to her friends, always planning for their pleasure, caring for the sick and doing little deeds of kindness and charity in her thoughtful, quiet way. A kind and dutiful wife, a loving Christian mother, a devoted friend and a beloved sister gone to her just reward. "God be with you till we meet again."

No funeral arrangements can be made until friends are heard from, but burial will probably be Thursday or Friday at Hopkins cemetery.

FISHER WON CASE.

Jury Gave Verdict for Defendant in the Henry-Fisher Damage Case.

The Henry-Fisher damage case tried at Savannah Tuesday, in the Andrew county circuit court on a change of venue from Nodaway county, resulted in the jury giving a verdict in favor of the defendant, Samuel Fisher. Henry was suing Fisher for $5,000 damages, alleging that a dog of Fisher attacked him and bit him, badly injuring his health.

A large number of people from Maryville were in attendance at court in Savannah Tuesday. E. G. Cook was one of the attorneys for Henry, and Shinabargar, Blagg & Ellison for the defendant.

Miss Grace Fanning returned to her home in Barnard Tuesday evening, after a visit with her brother, Frank Fanning, and her sister, Mrs. Bert McDermott.

WHAT IT STANDS FOR

AIMS AND PURPOSES OF MOTHERS' CIRCLE DISCUSSED.

AN INTERESTING PROGRAM

Session Thursday Afternoon at High School Will Discuss Topics Relating to School Work.

The Mothers' Circle will meet at the high school Thursday afternoon at 3 o'clock, and the following program will be given:

Devotional.

Paper, "Children's Companions," Mrs. S. E. Farmer.

Round table, where a number of subjects will be discussed, such as "The Aims and Purposes of the Mothers' Circle;" "Practical Methods of Co-Operating Between Home and School," discussed from a teachers' standpoint and from a parent's standpoint; "Why Do We Need an Equipped Play Ground, and How Can Funds Be Raised for Them?"

One member of the Maryville Mothers' Circle, in speaking of the Circle to a representative of this paper, said:

"Some of the aims and purposes of the Mothers' Circle is, first of all, to raise the standard of home life and to develop wiser, better trained parenthood. Second, to surround our children with that loving, wise care in the impressionable years of life that will develop good citizens, instead of lawbreakers and criminals. Third, to interest fathers and mothers in the work of purer, better homes. Fourth, to arouse the whole community to a sense of its duty and responsibility to the blameless, dependent and neglected children, because there is no philanthropy which will so speedily reduce our taxes, our prison expenses and the expense of institutions of correction and reform. If the child is to be seen as a whole he must be viewed from two standpoints, that of the teacher and that of the parent.

"Parents and teachers working together to improve the surroundings of the children, will often find themselves drawn into that closer understanding and sympathy which is so necessary for the welfare of the child.

"We want to bring into closer relation the home and the school, that parent and teacher may co-operate intelligently in the education of the child.

"Our meetings are held not to give opportunity for criticism, but to learn ways of helping form the best means of accomplishing the many things which need the combined efforts of the home and school. That teacher can teach the best who knows the most about the child, and many things the parent alone can tell, the good teacher can also give parents a new light on the disposition, merits and failings of the children because she looks on them with impartial eyes.

"We want the mothers of Maryville to feel that these meetings are theirs. It is civic work in its highest and broadest sense, and every woman who is interested in the aim of the Circle is cordially invited to become a member and aid in the organized effort for a higher and nobler national life, which can only be obtained through the individual homes.

"The emergency room in the high school building is finished and will be opened for your inspection. We invite you to come and see it."

ARRESTED AT DEPOT.

Three Bedford Men Were Drunk and Raising Considerable Noise at Burlington Junction.

John Edwards, Jesse T. Mitchell and Frank Sullivan, who claim their home is at Bedford, were arrested at the Burlington station Tuesday afternoon for being drunk. They were on their way to St. Joseph. They were brought up before Police Judge Johnson this morning and fined $2 and costs apiece, and being unable to pay it were committed to the jail and will work out their fine on the streets under the direction of Street Commissioner E. E. Tilton.

Mrs. Sayler Still Quite Ill.

Mrs. J. H. Sayler who was stricken with paralysis Monday evening on arising from the supper table, is still quite ill, though much improved to what she was when first taken. Her entire left side was affected and she was unable to speak for some time. Mrs. Sayler's sister, Miss Elizabeth Strawn of Colorado Springs, Col., who arrived a few days ago for a visit here and at her former home in Hopkins, is with her.

They will bring their lunches and spend the day planning and getting ready for the bazaar they will give on Thursday and Friday, December 7 and 8.

Married by Rev. Parvin.

Miss Jessie M. Cole and Mr. Wm. O. Bowers were married Wednesday noon at the home of the bride's parents, Mr. and Mrs. Elisha Cole, six miles south of Maryville, by Rev. W. J. Parvin, pastor of the M. E. church, South, of Maryville. A splendid dinner was served. The couple will leave for a trip to the Pacific and will be at home at Conway, Ia., where Mr. Bowers is in business.

Wedding Announcement.

Maryville friends have received announcement of the marriage of Mr. Ola J. Rogers of Cleveland, Okla., and Miss Effie Freeman, daughter of Mr. and Mrs. John L. Freeman of Hominy, Okla., at the home of the bride's parents, Sunday, November 12th. Mr. and Mrs. Rogers will be at home at Cleveland, Okla., after November 20th. Mr. Rogers is the son of Mrs. I. V. LaTourette, formerly of this city, and who be well remembered by friends in this city, although the LaTourette family left here a good many years ago.

M. I. Circle Meeting.

"What invention has been the greatest boon to mankind" was the principle theme for discussion at the meeting of the M. I. Circle Tuesday afternoon, which met with Mrs. J. W. Ray. Mrs. W. B. Christy led the discussion in favor of the steam engine, and Mrs. F. M. Martin for the printing press, and these two great things seemed the most important, although the sewing machine and other great inventions received attention in the short time allotted for discussion. The cause of the steam engine was nearly unanimously advocated, however, but "it doth appear that all things are working together for good." Mrs. J. E. Melvin gave an excellent paper on Edison and his work. The roll call was responded to by the names of noted inventors. The devotional service was led by Mrs. J. E. Douglas.

The Shakespeareans Met.

As prearranged, the Shakespeare department of the Twentieth Century club met with Mrs. E. G. Orear. Every member in town, with one exception, was present. Mrs. D. J. Thomas, president, conducted the business. Mrs. M. G. Tate, in the absence of Mrs. W. C. Pierce, who is spending the winter in California, acted as leader, giving a very interesting synopsis of Act III, Macbeth. All present heartily endorsed the quotation for the day: "Things without remedy should be without regard. What's done is done." Mrs. J. F. Montgomery gave a very lucid explanation of the questions, "Why did Macbeth desire Banquo's death, and how does he draw fact from Banquo without arousing his suspicion?" Mrs. Anderson Craig quoted Hudson in answer to re query, "What does Shakespeare put so much beautiful poetry into the mouth of such a character as Macbeth," as she, not being personally acquainted with the writer found it hard to decide. Mrs. Bruce Montgomery contrasted the idea of ghosts in Shakespeare's time with that of the present. Mrs. C. C. Corwin told of the fatal step taken by Macbeth and the reason why? Mrs. G. B. Holmes felt that she was almost overwhelmed

FOR NEW MEMBERS

COMMERCIAL CLUB WILL MAKE EFFORT TO ENLARGE ITS ROSTER

BANDS WERE ENDORSED

If Effort to Raise Funds is Successful Weekly Concerts Will Be Given During the Summer.

An interesting session of the Commercial club was held Tuesday evening in their club rooms and plans were discussed to increase the membership of the club.

Special efforts are to be made to see if more members can be secured for the club, and it is thought that probably a reduction will be made in the initiation fee and also dues. If the reduction in the dues and membership fee are made, many members are of the opinion that a good many could be induced to join the club that otherwise would not under the present dues.

A map of the Saints Highway from St. Joseph to Des Moines, is to be prepared and photographs made, and the club decided that they would stand half of the expense, not exceeding $10, if the Automobile club would stand the other half.

The club decided that hereafter all banquets and dinners shall be served in the club rooms, and that tables be made so they can be used all the time for this purpose. The club intends to give a monthly dinner on their regular meeting nights.

A proposition from Miss Alma Nash, director of the Ladies' Military band, was made to the club. A resolution was adopted by the club endorsing the ladies' band, and also pledging hearty support to the enterprise in any way that seems feasible.

Another band proposition was made to the club by the members of the Maryville band. No action was taken on the matter other than endorsing the proposition. The Maryville band has reorganized and has secured Donald Cady of St. Joseph as their director, agreeing to give him $900 a year for his work.

A subscription paper is to be taken around to the merchants and an effort made to raise $900, and those that subscribe can either pay monthly or in full. In return for the money received from the merchants, the band agrees to furnish concerts weekly during the summer months free of charge on any day the club may decide on.

GRAY HAIR MAKES YOU LOOK OLD

Use Wyeth's Sage and Sulphur and Your Gray Hair Will Quickly Vanish.

Gray hair is a mark of age, and nothing that can be said as to its beauty will offset the disadvantages of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time-honored remedies, but Wyeth, a modern chemist, has combined the two with other ingredients, which makes a delightful dressing for the hair, and which not only removes every trace of dandruff but promotes the growth of the hair. It also stops the hair from falling out, and makes it beautiful.

All druggists are authorized to refund the money if it fails to do exactly as represented.

Don't neglect your hair and don't resort to old-time hair dyes. Get a bottle of Wyeth's Sage and Sulphur from your druggist today, and notice the difference in your hair after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

at the magnitude of her task, but masterfully conquered and told us where Macbeth seemed to lose his free will, reviewed the contrasted characters under temptation and the deed itself, the concealment, facing the nemesis. Miss Adella Grems answered the questions quite satisfactorily, "What wrongs does Macbeth avenge?" while Miss Emma Lee Taylor gave the causes that made the ghost re-enter. Mrs. Ferdinand Townsend gave good authorities, as well as her own opinion, on "Why should the ghost of Hamlet appear on the state and not the ghost of Banquo?" Mrs. M. G. Tate, the leader, then asked fine miscellaneous questions on the lesson, Mrs. O. C. Hanna conducted a good word drill and Mrs. D. J. Thomas the current events, both of which were highly instructive, and after a few minutes of social intercourse the club adjourned.

Sigma Delta Chi's Made Merry.

The Sigma Delta Chi sorority held a social meeting at the home of Miss Nelle Hudson Tuesday evening. This sorority has been confining itself to business meetings for some time, and the hilarious good times of days gone by were fast getting to be traditional, so it shook itself a few days ago and concluded to throw dull care away and go in for a good time. A lively evening was spent playing dominoes, Miss Emma Kildow and Miss Inez Bainum winning the prizes, framed pictures. A two-course luncheon was served after the games and piano numbers were given by the musicians present. The company included Misses Mary Ogden, Inez Bainum, Emma Kildow, Stella Mason, Lola May Jones, Lottie Perrin, Golda Airy, Lois Halley, Besse Todd, Nelle Hudson, Grace Langan and the Misses Fickland.

She will go on to Maitland to meet Mrs. Will Charles, also of Loveland, and be the guest of Mrs. Peter Bohart. Mrs. Charles and Mrs. Jones were dinner guests on Sunday of Mr. and Mrs. C. C. Corwin of this city.

Party Was Successful.

The card party and social given Tuesday night for the benefit of the Knights of Columbus was highly successful, one hundred guests attending. The prizes were won by Miss Teresa Yehle and Mr. Joseph Kern.

Too Busy to Write Ads.

When a representative of The Democrat-Forum dropped into H. T. Crane's big store Wednesday morning the merchant and all his clerks were busily engaged in opening boxes and closing up vacant spots making room for more. "We are very busy today," said Mr. Crane, "too busy to think of advertising today, though we may have something later on. The fact is we are getting in the biggest line of holiday goods we have had in many a day, and we are having all we can do to find room for the new stuff. What have we got? Oh, everything, and we promise our patrons a genuine surprise. We have drawn on our faith in this fall's business, and our many years of experience in selecting a stock that we believe will fit every case and please every taste. But, here Hagins, you and Olney, move up these things here and see if we can't make room for that box that drayman has just dumped off. Let's hurry up or we will be caught here after dark. Come in again." The reporter, feeling that his room was needed for the extra boxes, took the hint and left, and moved over to the county treasurer's office, where he opened up an argument with Tom Hughes and Frank Owens on Taft's chances to be re-elected.

MANY FAILURES.

But Parisian Sage Overcame Miss Kruger's Hair Troubles.

Parisian Sage is not guaranteed to grow hair on bald heads, but it is guaranteed by the well known druggists, the Koch Pharmacy, to stop falling hair, eradicate dandruff and stop itching scalp, or money back. Sold in every town in America by leading druggists for 50 cents a bottle. Read Miss Kruger's letter.

"Parisian Sage is the best hair grower and beautifier and dandruff cure. I lost all my hair through typhoid fever; I was almost baldheaded and my scalp was as sore as could be. I tried everything, but in vain. Finally I tried Parisian Sage, and after using one bottle my hair started to grow, and has grown three or four inches inside of two months. I advise every woman who wants beautiful hair to use Parisian Sage." Miss Meta M. Kruger, Browntown, Minn.

VAN BRUNT TO CRIMINAL COURT

St. Joseph Street Car Manager to Be Arraigned November 27—Other Arrests Likely.

St. Joseph, Mo., Nov. 15.—John H Van Brunt, general manager of the St. Joseph street railway company, arrested on a charge of issuing a street car pass to Dr. Charles F. Byrd, county coroner, will be arraigned in the criminal court November 27.

Van Brunt says Dr. Byrd was in the employ of the street railway company as assistant surgeon a number of years before he was elected county coroner and that transportation was a part of his compensation.

The complaint was the result of evidence given in the trial of a damage suit against the street railway company last week in which Dr. Byrd testified.

Prosecuting Attorney Ferrell is said to have the names of several officeholders, city and county, who use street car passes.

Against Sidewalks in Zion.

Zion City, Ill., Nov. 15.—Rupert Devereux, a member of the old Dowie faction in Zion affairs, filed a petition with the Zion City board of aldermen objecting to the proposed construction of cement sidewalks here, on the ground that Christ never walked on cement and therefore "would avoid Zion City on the Saviour's approaching second coming to earth."

HADLEY WELCOMES THE DELEGATES

Says Every Question Before Commercial Congress Concerns Missouri.

HISTORY OF THE ORGANIZATION

Ex-Senator Aldrich Explains Currency Reform Bill of Which He is Author—Senator Stone Hints at Opposition.

Kansas City, Nov. 15.—The Trans-Mississippi Commercial congress opened at Convention hall with an invocation by the Rev. George H. Combs. He was followed by Col. Fred W. Fleming, who outlined the history and work of the organization. Col. Fleming said in part:

"The first Trans-Mississippi congress was called by the governor of Kansas under authority of a joint resolution of the legislature of that state and met in this city in April 1890.

"In the fall of that year a meeting was held in Topeka in the interest of a deep water harbor of the Gulf of Mexico and later meetings in the interest of that project were held in Omaha and Galveston. In May, 1891, these bodies joined with the Commercial congress at a general meeting held in Denver and annual session have been held ever since."

The delegates to the congress, many of whom have come from distant parts of the country, and who are in high honor among their people, were welcomed to Missouri by Gov. Herbert S. Hadley. In part, Gov. Hadley said:

"The association between the people of Missouri and the states of the Trans-Mississippi country has been a continuing one.

"There is scarcely a question of interest and importance that concerns the people of any state here represented that does not also concern the people of Missouri.

"It is this trade with the Trans-Mississippi country that has given to Missouri two of the six greatest commercial and financial centers of the entire country and the greatest city between the Mississippi and the Pacific."

Every phase of the Aldrich currency reform bill was presented in the afternoon to the delegates of the Trans-Mississippi congress by three of the most prominent financial experts in the country and by Nelson W. Aldrich, former United States senator from Rhode Island, and now chairman of the monetary commission and author of the currency reform bill.

The first note of opposition to the curency reform plan suggested and advocated by former Senator Aldrich was sounded by United States Senator William J. Stone, who was presented to the congress by Colonel Fleming. Senator Stone's address was not in reference to the proposed monetary system, but was referred to near the end of his speech when he said:

"Historically and generally speaking, I never have found it agreeable to favor a great centralization of money power."

STRAPPED TO A CURVED BOARD

Illinois Boy Must Now Wear Plaster Cast to Cure Tuberculosis of Spine.

Chicago, Nov. 15.—Ole Manayla, 5 years old, who for nearly a year has been strapped to a curved board in the hope that he might be cured of tuberculosis of the spine, was released from his bonds at Waukegan for an hour and a half.

After his brief period of liberty the child was incased in a plaster cast, but instead of lying on his back indefinitely he will be permitted to move about much as other children do.

Physicians express the opinion that the boy will recover.

Sweaters for Soldiers.

Washington, Nov. 15.—Coats no longer will form part of the uniform of United States troops in the field. The war department has decided that a light sweater will be just as comfortable and a more practical garment than the present service coat. Not only will the sweater be worn when the men are up and about, but it will also be used to supplement the blanket as a sleeping garment.

Gave Jewels to a Girl.

Chickasha, Ok., Nov. 15.—Henry Morris, formerly an express messenger between this city and Lindsay, Ok., was arrested for the theft of a package of diamonds a year ago at Lindsay, valued at $980. The present of one of the alleged stolen diamonds to a girl friend in this city led to his arrest.

Three Wichita Boys Drowned.

Wichita, Kan., Nov. 15.—Guy Brewer, 13; Don Brewer, 14, and Wilson Dorr, 14 years old, were drowned in the Little Arkansas river in the north part of Wichita when the steel boat in which they were rowing sank unexpectedly in a deep hole. Leigh Rammond, 13 years old, who was also in the boat, swam ashore safely.

FEDERAL SUPREME COURT TO HURRY

Chief Justice White Trying to Catch Up With Docket.

REDUCES TIME FOR ARGUMENTS

Appeal to Highest Tribunal in Land May Cease to Act as Respite for Adverse Judgement Hereafter.

Washington, Nov. 15.—The staid old supreme court of the United States has the members of the bar on the run. It all results from a reform that is "reforming."

Instead of hearing arguments in only 75 cases before the Christmas holidays, as was done last year, the court promises to have presented to it before the Christmas recess this year twice that number. Indications now are that the court will dispose of half as many more cases this year as it did last.

Lawyers with cases to be heard are being caught unawares, and many are hustling forward briefs now that they expected to submit later in the winter.

The change in pace is generally credited to Chief Justice White. His most potent rule in this direction is regarded to be the one recently adopted reducing the time for oral arguments before the court. Instead of four hours for each case, as in the past, now only three hours is given to the most complicated cases, and those arising under the so-called criminal appeals act, those certified from the circuit court of appeals and those involving only the point of jurisdiction, a mere hour and a half is accorded to the hearing.

The hearing of more cases is expected to result in the court eventually catching up with its business so that cases will be heard comparatively soon after being docketed instead of waiting from two to three years. When that time is reached, it is believed, the number of cases taken to the court will be reduced materially because no longer would persons appealing gain a respite from adverse judgements for several years.

The result of the increased number of cases taken under consideration probably will be shorter opinions. It is predicted that memorandum opinions "by the court" rather than extended decisions by a member of the tribunal, will become more common as a result of changed conditions.

McDONALD'S MILLIONS GONE

Inheritance Tax Case Against Stallo Sisters Tomorrow May Develop Some Interesting Facts.

New York, Nov. 15.—Startling revelations in respect to the fortunes of the Misses Laura and Helena Stallo are expected tomorrow at the hearing before Deputy State Comptroller Harburger on the question of the inheritance tax to be paid on the estate which the young girls inherited from their grandfather, the late Alexander McDonald, Standard Oil magnate.

The Stallo sisters have been very much in the limelight ever since Miss Helena broke her engagement to young Nils Florman, son of a Danish nobleman, whose mother became a masseuse because of adverse fortunes of the family.

It is said that subpoenas have been issued for Gen. Brayton Ives, president of the Metropolitan Trust company, and Beverly Chew, vice-president, and that they will testify tomorrow. According to the accounting filed by the administrator of the estate, the $50,000,000 which, it was reported at the time of his death, Mr. McDonald had left, has virtually vanished and the "heiresses" are confronted with a deficit of about $80,000.

The virtual disappearance of the McDonald millions is due to the vast number of claims that were unheard of at the time of Mr. McDonald's death, but which since have poured in from all quarters. The Metropolitan Trust company is the present administrator, having been appointed by the surrogate on the petition of Mr. Stallo, whose first wife was Mr. McDonald's only daughter. Mr. Stallo is now married to the divorsed wife of Dan Hanna, son of the late Mark Hanna.

The proof of the great majority of the unexpected claims was of such a character that the administrator was compelled to admit them, but that of about $500,000 worth was disallowed. The courts will be asked to rule upon these and if they are admitted the deficit will be much larger than $80,000.

Killed Chasing Car Thieves.

Cleveland, O., Nov. 15.—His pursuit of three car breakers cost the life of Thomas Madden, a detective for the Baltimore & Ohio railroad company, who lived in Kansas City. Madden was run down by a fast freight train near the foot of Commercial Road. His head and both legs were severed.

To Enforce Mine Bath Law.

Pittsburg, Kan., Nov. 15.—T. J. Karr, county attorney, has started two prosecutions for violations of the law passed by the last legislature, requiring the coal operators to build and equip bath houses at all mines.

FREE IF IT FAILS.

Your Money Back if You Are Not Satisfied With the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxative or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Doan's Kidney Pills make lasting cures.
Maryville people testify.
Here's one case of it:

I. M. Woods, East Jenkins street, Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unnaural and so irregular in passage as to annoy me greatly. I also had a pain in my back and could hardly stoop. Dizzy spells and headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began their use, and after I had taken the contents of three boxes I was free from kidney trouble."—(Statement given in 1901.)

Time is the Test.

On September 19, 1908, Mr. Wood added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."

CAN'T CURE CATARRH.

Stomach Dosing, Sprays and Douches Have All Failed.

There is only one way to cure catarrh.

Reach the raw, tender, inflamed membrane that is infested with catarrh germs, and destroy the germs.

You can't reach the nooks and crevices with liquid preparations—there is only one way—breathe the antiseptic germ killing air of Hyomei (pronounce it High-o-Me) directly over the infested parts.

Hyomei contains no opium, cocaine or other harmful drugs, it is made of Australian eucalyptus, thymol and listerian antiseptics. It is guaranteed to end the misery of catarrh, asthma, croup and bronchitis, or money back.

Ask the Orear-Henry Drug Co. about the Hyomei outfit today. They sell it for only $1.00 and guarantee it.

Wealth in Kansas Clays.

Lawrence, Nov. 15.—Three million dollars worth of brick and tile are turned out every year by the Kansas clay industries. This amount could be increased many times if the commercial value of the clays in the state were known. To test those clays and report upon their usefulness will be the work of the clay laboratory just being completed at the state university. The department of ceramics will also report upon the value of the clays for making pottery. The classes in clay modeling have turned out many beautiful and durable articles made from the Kansas clays.
